April 30 – May 2 | Exhibits

Harness the power of the leading event for unmanned and autonomous systems to generate new business opportunities and increase sales.

► **SECURE YOUR 2019 BOOTH NOW AT XPONENTIAL.ORG**

YOUR MOST POWERFUL OPPORTUNITY OF THE YEAR IS HERE

四十六年历史—囊括空中，陆地，海洋全领域

370,000sq.ft. 展出面积 • 700+参展商 • 8500+专业观众

When 8,500 technologists, users and regulators of unmanned and autonomous systems come together, real business gets done. Backed by the leading organization advancing unmanned technology, AUUVSI XPONENTIAL is the largest, most important event in the world bringing together the entire unmanned ecosystem.

This is your most powerful opportunity to:

TAP INTO GROUNDBREAKING MARKET GROWTH

The unmanned and autonomous systems industry will create over 100,000 jobs and more than \$100 billion in economic impact within the next 10 years. XPONENTIAL is the most effective platform to capitalize on this momentum and maximize the opportunities ahead.

BE PART OF THE LARGEST INDUSTRY EVENT

XPONENTIAL attracts more than 8,500 attendees, double that of any other unmanned systems event. And it's no wonder why. The event features a cutting-edge conference as well as 370,000 sq. ft. of exhibit space and 700+ exhibitors—three times the size of our competitors.

CONNECT WITH THE WIDEST RANGE OF BUYERS

XPONENTIAL is the only event that brings together both the defense and commercial sectors, every job function and all domains across all stages of integration. With all of these prospective customers and partners under one roof, it's your best opportunity of the year for collaboration and business development.

INVEST IN THE FUTURE

XPONENTIAL is the only trade show that's organized by a nonprofit association. AUUVSI invests in building the unmanned systems economy through advocacy, education and other resources. An investment in the industry is an investment in your business.

“

Comparing **XPONENTIAL** to the other events I go to, this one has the most legitimate, large, capable customers.
